

**MS C GREEN**  
**EXECUTIVE PRINCIPAL**

Welcome back and Happy New Year to the whole Coomb Briggs community.

Monday saw the launch of our refreshed and renewed vision (see attached) for our exceptional school. This vision has been shared with staff and pupils and focuses on the 6C's of care, culture, curriculum, community, communication and consistency. This is absolutely my driver for the provision at Coomb Briggs and ensuring our school can be the best it can for our community. Please do talk to your young person about this as they have been involved in this clear mission for our school.

The spring term is always a term we label as the "working term". A term with no distractions to really focus on high quality teaching and learning to ensure attainment and progress is accelerated. Teachers are working tirelessly to ensure highly quality provision and expectation in each and every classroom coupled with inspiring experiences for all of our pupils.

Schools are wonderful places filled with nurture and care for all. However, this has to be and always will be coupled with the highest of standards to ensure effective learning is experienced each and every day. I know I have the full support of the whole community to ensure our vision is achieved.

Please can I warmly encourage all parents/carers to enter the school site to deliver and collect your young person each day. It is imperative we see you and there is positive communication between all – as per our vision. In the wise words of BT "It's good to talk" and we wish to do this to ensure we are the best for our young people each and every day.

Many thanks as always for your continued support.
