Donaldson & Suess Reception, Year 1 & 2

This week we have been looking at one of my favourite books from when I was a child 'Please don't chat to the bus driver'. We have enjoyed creating our own versions of this story through drawing club, designing new characters, transport and adventures. In maths we are looking at measures, comparing the height and weight of items using our key vocabulary. In topic time we have been looking at where we live, our town, local area and our country. We have had another fabulous week in Donaldson class and the children are continuing to grow and learn every day!

This week, we have started our new book based on the Gunpowder Plot and writing perfect sentences which is linked to our history topic this half term too. We had a go at role play and using masks to re-tell the events and had a hot-seating activity to dive into the characters. In science, we have looked at herbivores, carnivores and omnivores and sorted different animals into different categories to understand this. We have come to the end of place value topic in maths, and are moving onto addition and subtraction which will be super fun. Well done, Seuss Class!

Dahl- Year 3

This week in Year 3 has been a busy one! We have started a new writing module on instructions, we looked at some fun instructions and ended up making a variety of paper aeroplanes. Which naturally we threw outside to see how far they could go!

We have also been investigating how natural sunlight can change colours due to exposure. Please have a look at the Year 3 classroom to see the experiment stuck on the windows. Keep up the great work Year 3!

Walliams & Rowling Year 4 & 5

In our reading, we are part way through Flat Stanley and the Great Egyptian Grave Robbery. We have made our predictions for what might happen next and are looking forward to seeing if we are correct. In maths we have been looking at using number lines, this has been a bit of a challenge at times. In art, we have started to look at self portraits and how we can draw our faces accurately. Another busy but enjoyable week.

Year 4

In Maths, this week we have been learning how to round numbers. We have found that following a process has helped with this. In Science, we have been looking for patterns in the gestation periods of mammals. We have learnt that the greater the mass of the animal, the longer the gestation period. We then used this information to predict gestation periods for other animals.

Kinney- Year 6

What a week! In year 6, we have been making sherbert lemon, as part of our writing unit on instructions. The children have really enjoyed it and are engaging beautifully, they now really understand the purpose of some of the features of this writing. In topic, we are looking at and researching leaders of the Allied and Axis powers of WW2, with the end goal of writing a biography of Winston Churchill firmly in mind.

THIS WEEK

The children have thoroughly enjoyed our Macmillan Coffee Morning this week!

Thank you to all the parents that came to support our event, and for all the cake donations contributed, this is greatly appreciated!

Macmillan Coffee Morning

Welcome Back!

Mr Reynolds - Principal

Dear Parents, Carers, and Friends,

It has been another wonderful and energetic week at Coomb Briggs as we settle into the middle of our first Autumn term. With the seasonal shift underway, we would like to gently remind everyone how vital regular school attendance is. Being here every day gives our children the strong routines, momentum and continuity they need to thrive both academically and socially.

First and foremost, a massive thank you to everyone who supported our Macmillan Coffee Morning today. The outpouring of community support, love and engagement was truly heartwarming. Seeing our school hall filled with friendly faces coming together for such a worthy cause was a fantastic reminder of how special our Coomb Briggs family is. Thank you for your generosity and warmth.

Looking ahead to next week, we are excited to celebrate National Poetry Day! Across the school, all classes will be zooming in on different poets, exploring rich language, rhythm and creative storytelling. It promises to be an inspiring week of literacy that will spark our pupils' imaginations.

Finally, a huge well done to our newly appointed Head Boy, Head Girl, School Prefects, and Parliament members! We are incredibly proud of each and every one of you. Stepping into student leadership is a big achievement and we are so excited to see the positive impact you will make and the exciting opportunities you will take on in the coming weeks.

Thank you, as always, for your continued support and partnership. Have a wonderful and restful weekend!

Mr Reynolds

PLEASE NOTE

NEW MEAL MENU

Our new school meal menu will be available to order from Friday, 9th September. Please ensure that you only place your orders for the meals until 12th February, after which a new menu will be introduced. Remember to confirm that your orders are correct during this period, as meals can be ordered again in February for the following terms. If you have any questions please do not hesitate to contact the office.

HARVEST AT THE CHURCH

We are excited to remind you about our Harvest Day happening on Tuesday 29th September at the Church! This year, we will be supporting the Immingham Pantry, and we kindly ask for your generosity in donating long shelf-life goods. Items such as pasta and canned foods with long expiry dates would be greatly appreciated. If you would like to donate any goods, please could this be brought into school by Monday/Tuesday. Thank you for your support!

ATTENDANCE

We kindly ask that appointments are made out of school hours; this is due to new government guidelines. If unavoidable, evidence must be seen and your child must return to school after the appointment.

UNIFORM

Please ensure that all uniform and personal belongings are labelled with your child's name on. Lost / misplaced items can then be returned to your child. Thank you for your cooperation.
